UNIVERSITY OF NORTH FLORIDA

PROTECTING YOU FROM POLITICAL OVERREACH

A STRONG HISTORY UNDER THREAT

For years UNF-UFF has protected the rights of faculty. We have stood up for workplace safety, advocated for shared faculty goals, and earned salary raises.

Now we are fighting against threats to academic freedom, including post-tenure review. We want to keep fighting for tenure and academic freedom in Florida, but our legal team can only protect you if you are a member.

STANDING BY FACULTY AS CURRENTS CHANGE

Even if you feel unaffected by current policies, government overreach could affect you in the future. We protect faculty no matter which party controls the state house.

Current policies from Tallahassee aim to decertify unions. We need your help to get to the 60% membership cutoff. With your help, we can continue to fight for academic freedom, salary raises, family leave, and whatever issues matter most to our members. As a member, you could help set our priorities and agendas.

WE NEED YOUR HELP!
